Located just 10 minutes from Saskatoon, Saskatchewan's largest city, 3B Ranch is a family owned business featuring a selection of well bred and trained American Quarter horses. From halter, to the reining pen to the pleasure arena, we pride ourselves on providing quality for youth and amateur competitors. Over the years, we have the pleasure of showing a number of provincial and national champions, futurity champions and world qualifiers. Horses we have raised and shown have been sold across North America and Japan.
